

TOWN MEETING

Particle Pollution and Climate Change: Integrated Strategies

November 1, 2007 5pm-7pm
777 North Capitol Street, 3rd Floor Board Room

The Air Quality Public Advisory Committee is hosting a meeting about particle pollution and climate change in the region. Attendees will **discuss strategies to reduce the causes of air pollution and climate change in the region.**

WHO SHOULD ATTEND:

Residents, commuters, parents of asthmatic children, people interested in cleaner air.

PANELISTS INCLUDE: Health specialists, environmental specialists, air quality and transportation experts.

At this town hall meeting, you can:

- Learn about health effects from particle pollution and climate change
- Ask the experts your questions
- Suggest ideas for making the air healthier for everyone
