Cost: Free (Dinner is included!)

In times of disaster, we can't recover without you. We are calling together the community partners that provide day to day services to address disaster resiliency in our community. On January 27th we'll hold a seminar to educate and prepare for the unthinkable. The goal is to get to know our community partners, and prepare and learn about the resources and capabilities in the Sully District. We will create an awareness of each other, capabilities, resources, limitations and other essential information.

In February, we'll practice what we've learned with a table-top exercise.

To register for the Seminar please click [here](https://sullyseminar.eventbrite.com) or go to <https://sullyseminar.eventbrite.com>

To register for the Exercise please click [here](https://sullyexercise.eventbrite.com) or go to <https://sullyexercise.eventbrite.com>

The time to share business cards is BEFORE a disaster.

For more information please contact Tracy Friend tfriend@volunteerfairfax.org

Funding for this program is provided by a United States Department of Homeland Security, Federal Emergency Management Agency, Urban Area Security Initiatives grant to better enhance community resiliency.
